### **Values**

- Reformed—every story is a small part of the big story of God's redeeming love for this world through Jesus Christ.
- Relational—every class session builds on our relationship with Jesus—and with each other.
- Relevant—every activity is tailored to *today's* kids.

### **Flexibility!**

You'll also love the flexibility of *Kid Connection*—it's designed for use in multiple settings:

- One group of kids meeting with one teacher in one room.
- One large group of kids that meets together and then divides into two (or more) small groups with their own leaders.
- Mentoring—one teacher, one child.
